

3 October 2022

Dear FEMS Member Society President, Chief Executive, Secretary or Permanent Representative

2023 FEMS Materials Science & Technology Prize

The FEMS Board is currently seeking nominees from the Member Societies for the FEMS Materials Science and Technology Prize. The award is presented to young European materials scientists (under the age of 40) in recognition of significant contribution to a field of Materials Science and Technology.

The FEMS Materials Science and Technology Prize is awarded biennially and will be presented at the 2023 FEMS EUROMAT Conference (3-7 September in Frankfurt, Germany) where the winner will receive a certificate and a prize from Taylor & Francis Publisher and is expected to give a plenary lecture. The winner's name and that of their Member Society will also be featured in an interview on the FEMS website.

Nominations

The nomination package should include a CV and a list of publications (refereed/non-refereed/proceedings), preferably accompanied by a list of independent citations, and a list of invited lectures. Two letters of support from individuals in the field of Materials Science and Engineering, familiar with the nominee's achievements should be included with the nomination. A citation of no more than 100 words should be submitted. Nominees should preferably (but not exclusively) have European nationality or have done a large part of their research work at a European University or Institute. The nomination should be submitted to the FEMS Secretary, Ms Efi Fragkou at secretary@fems.org by 31 January 2023. More information can be found on the FEMS website.

Responsibility for the selection of the winner rests with the FEMS Award Selection Committee. The ASC will review nominations and recommend one candidate to the FEMS Board no later than six months prior to the presentation of the award.

We look forward to receiving your nominations.

Yours sincerely

Prof Eric Le Bourhis
Chairman, FEMS Award Selection Committee
Immediate Past President, FEMS
